

## Description of Interventions

During AB, we are using Levelled Literacy Intervention with our remedial reading students. This intervention is designed to get students to grade level within 14-18 weeks of using the program. It is designed for groups of 3 students with a 30 minute intervention block. Our goal is to have most of our 20 minute students on their way by January so that we can concentrate our time in the lower grade levels.

"The more that  
you read, the  
more things you  
will know. The  
more you learn,  
the more places  
you'll go."

— Dr. Seuss
